6.11 Greece & the ICT Theme of FP7

GREECE: Total EC Funding: €259.7 M (4.2% of total)

Total number of participations: 744 (4% of total)

Number of project co-ordinations: 101

Cumulated figures over the period 2007-2012

Key Messages

- Greek participation has been stable around 4.2% since FP6;
- Research participation is very important (75%) and research institutions occupy the first ten positions among recipients. Funding to SMEs is in line with the EU average (16%), whereas large enterprises are weakly represented (8% only);
- The main strengths are in the areas of future networks and internet, software and embedded systems, ICT for Health, ICT for Ageing and;
- More than half of funding is directed towards Athens and the Attica region. Other hubs can be found in Thessaloniki, Iraklion and Patras.
